## What is Scheduled Fill?

Scheduled fill customers are put on a route, and we check your tank level when our delivery truck is in your area. We will keep adequate fuel levels in your tank.

## Benefits of being a Scheduled Fill customer:

1. You should never run out of fuel.
2. Scheduled-fill customers can buy fuel for cash price.
3. In the unlikely event that you should run out of fuel, we will respond as quickly as possible. There will be no delivery cost to you.
4. We will not fill your tank until it is below half full unless otherwise instructed in writing on this form.
5. Truck will be in your area at a regular scheduled time.
6. Scheduled fill does not mean we will "top off" your tank every time the delivery truck goes by your place (unless stated)

**YOU MUST HAVE A CHARGEABLE ACCOUNT IN GOOD STANDING WITH BIG HORN CO-OP TO BE A "SCHEDULED-FILL" CUSTOMER.**

## What is a call-in customer?

A call-in customer is one who chooses to watch their own levels in their tank and are responsible for not letting their tank run out of fuel.

## Should you decide to be a call-in customer:

1. You will be charged the current price with discounts available.
2. It may take up to five working days to fill your tank from when we receive your call. If a special trip is required to fill your tank, you will be charged a minimum of \$75.00 for a service charge due to the cost of operating the fuel truck.
3. You must call 24 hours in advance of when we will be in your area. This is due to the driver loading the truck the evening prior to the next day's deliveries.
